

## Intro to New Song’s *Why We* Sermon Series

---

As a member of New Song Church, you already know our vision is to Help People Know God.

The mission of New Song’s small groups is to achieve this vision by connecting with one another in Kingdom community and putting New Song’s 5 Values into action together.

New Song’s *Why We* sermon series from fall 2018 is a great study to begin your small group, as it will help start your group off strong, united in the vision of New Song Church and understanding of New Song’s 5 Values. There is an episode devoted to each of the 5 values. We recommend you cover one episode per group meeting, completing the series after your first 5 group meetings.

It is not required of your small group to study this series but deeply encouraged. If you and your co-host decide not to study this series as a group, we strongly recommend at least listening to it as leaders. It will help you have a greater understanding of the mission of New Song Small Groups.

The *Why We* sermon series was recorded before New Song began streaming on YouTube; therefore, it is only available via audio recording. Each of these messages can be found on New Song’s website, under [www.newsongpeople.com/why-we](http://www.newsongpeople.com/why-we)

Each of the 5 episodes run 40-50 minutes long. It is up to you and your co-host if you would like to listen to each episode as a group before discussion, or to instruct your members to listen to the episode on their own time before group and come prepared for discussion.

We have provided sermon series questions over each episode to help guide you in facilitating dynamic discussion. These can be found on New Song’s website, under [www.newsongpeople.com/whywe](http://www.newsongpeople.com/whywe)

We pray this sermon series will inspire you and your co-host to be Spirit-filled and Spirit-led as you intentionally plan for the future of your New Song small group to help meet our mission.
